- Missions:** Please pray for the missionary work of Emmanuel Hospital Association Canada, working in India. "The good news about child mortality is that less children below the age of 5 die each year. The not so good news is that the neonatal mortality rate has not decreased as rapidly. The bad news is that rural North India, where EHA works, has one of the highest rates in the world. A number of factors are responsible for this tragedy - ignorance, poverty, transportation, difficulty in accessing services and lack of training among doctors and nurses. In 2013 EHA Canada sought to remedy this by initiating the NeST program. The aim was to train EHA personnel in basic aspects of neonatal care. A few basic procedures, if performed well using simple equipment, can make a big dent in the mortality rate and also prevent handicaps. Neonatologists from Canada, the US and India have conducted a number of workshops in EHA hospitals. More needs to be done. The plan is to take the programs into some of the government hospitals. EHA Canada is committed to continue its involvement to save more newborn lives. Please pray for the vulnerable and dispossessed in India, for children forced to work, young women subject to human trafficking, for the poor who have limited resources to good medical care and that all who come into contact with EHA will see their lives transformed."

Handling The Sensitive and Dangerous Situations In Life

Daniel 2:1-49 Pt. 2 of 2 Daniel 2:24-49

August 13/17 - By Pastor Dean G. Huber

Last Week Pt. 1

- I. The World Looks To Worldly Solutions (vs. 1-3)
- II. The World Solutions Fail To Answer Spiritual Issues (vs. 4-13)
- III. Godly People Must Use Wisdom and Tact In Confrontation (vs. 14-16)
- IV. Godly People Seek God For The Answer (vs. 17-23)

This Morning

V. Godly People Point The _____ to God (vs. 24-30)

The part that really demonstrates Daniels character is that not once in the whole book does Daniel take any of the _____ for himself. Rather he always points the glory back to God.

In these seven, verses we learn two very important things on how to deal with turbulent situations. First, Daniel went through the right _____ in order to speak to the king. There is no doubt that Arioch had come to admire and appreciate Daniel. Arioch announces with boldness that he had found the person who could tell the king what he had dreamt as well as interpret it. So we can see that Daniel won Arioch _____, had developed a relationship with him and then went through the proper protocol.

Second, notice in verse 26 it states, "The king asked Daniel (also called Belteshazzar)." Daniel had already established himself as person of uniqueness and even though he was given a Babylonian name he was known by everyone as _____ and not Belteshazzar. Daniel lived a life that exemplified a relationship with the Living God. There was something _____ about him.

Third and most importantly, Daniel is quick to direct the king's attention from _____ to the Living God who is the only one who can show the dream and give its interpretation. Daniel made sure never to take _____ of God's glory or praise for himself.

What happens if we ever take the glory that God deserves for ourselves? Acts 12:21-23 tells us what can happen....

VI. Godly People Point Others To Their Dependency On G_____ (vs. 31-45)

The head of pure gold represents Nebuchnezzar and his kingdom that he rules. His father had come to power by _____ conquest which was then handed down to him, and his kingdom lasted only _____ years. Notice in verse 37 that Daniel points out clearly that the kingdom he has is not a result of man's power but, rather it was given to him by God.

The part of the statue which was comprised of a chest and arms made of silver represented the Medes and Persians. This kingdom would conquer king Nebuchnezzar and it would last approximately _____ years. Silver is inferior to gold so this kingdom wasn't as lavish as the last kingdom.

The third part of the statue was the belly and thighs of bronze which represented Alexander the _____ and the Greek Empire. He conquered the Meds and the Persians and his kingdom stretched all the way to _____.

The fourth kingdom, the legs of iron, represented _____ Empire which conquered the Greek Empire in 63 BC. This empire which is iron was superior to the bronze, silver, and gold because it was stronger. It lacked luster but, it was superior, strength wise. It conquered more _____ than the former empires but, it could not hold on to all of it. However, the toes were partly iron and partly clay. In other words the empire was a mixture of people but, was poorly united. How long does this kingdom last? Well it continues until _____ comes and he set up his kingdom crushing all the other kingdoms vs.45.

VII. The World Will Acknowledge How Great God Is If Godly People Honor The Lord (vs. 46-49)

Next the king pays Daniel the greatest compliment that he could give and that was his God is the god of gods. That day Nebuchadnezzar came to realize that there is no God like _____ God. Daniel's God was exalted that day because Daniel lived a _____, obedient life before the Lord. He walked with God and everyone knew that he did.

As believers the greatest compliment that any one could pay us is not what a great job we have done or great person we are, but rather that they saw _____ in our life.

The second thing that happened to Daniel was that he was placed in a high position of leadership and made head of all the other wised men. Remember, God will always reward us for faithfulness. It may not be _____ on earth like Daniel received but it will happen in heaven if we are faithful.

At some time in all our lives, if it hasn't happened already, we are going to be forced to Handle The Sensitive and Dangerous Situations In Life. The question is how will we _____ once the testing has passed? Will we have caused more of a disaster because we relied on our own wisdom and strategies, or will we have resolved the issue because we stayed _____ and dependent upon the Lord? Will God be glorified in our lives and will people say, "You certainly serve a great God. I want to know _____ too."
